8. Quality Assurance & Handling

Quality is the cornerstone of TanzPro Greens Ltd operations. We maintain careful controls from sourcing and harvest through sorting, packaging, cold-chain handling, documentation, and buyer delivery coordination.

Our Quality Commitment

Careful Cultivation & Sourcing

We select farming partners who share our commitment to quality and sustainability. Regular field inspections support best practices.

Harvesting Standards

Products are harvested at optimum maturity to maximize flavor, nutrition, freshness, and shelf life.

Sorting & Grading

Produce is sorted and graded for uniform size, color, quality, and market requirements before dispatch.

Hygienic Handling

Handling areas, staff practices, and equipment are managed under strict hygiene and food safety controls.

Cold Chain & Packaging

Temperature-sensitive items are protected using suitable cold-chain handling and export-grade packaging.

Export Documentation

Documentation is prepared clearly and accurately to support smooth customs clearance and buyer compliance.

Freshness Guarantee

Our supply chain is designed to minimize time from farm to market. Coordinated harvest planning, careful handling, and logistics support help preserve product quality from Tanzanian farms to international buyers.
